

# Android: How to add the app to your homescreen

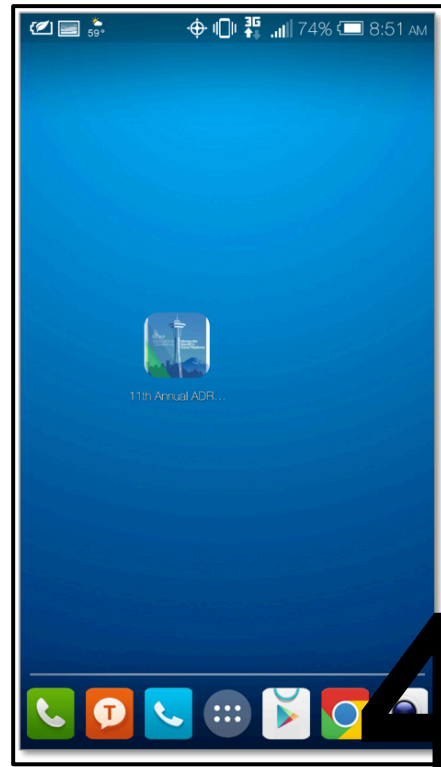

**Step 1:** In your browser, navigate to: [2014adrpconference.pathable.com/](https://2014adrpconference.pathable.com/)

**Step 2:** From the browser menu, select "Add to homescreen"

**Step 3:** Type the name that will appear below the app icon on your homescreen

**Step 4:** You should now find an icon on your homescreen
